First Quarter 2010

INSIGHT FROM THE ADMINISTRATOR

by William I. Winegarner

As we open this new year, there are many things for which we can be thankful. First of all, we are still here. Secondly, we are blessed with a great pension and benefit package. Thirdly, we have a pension board and staff that are doing their absolute best to keep our pension funds safe, and our health care benefit funded. And fourthly, we have PERI, who keeps us informed on the political and legislative actions that can either make our pension system safer and stronger, or weaker and ineffective in its ability to provide us with

our pensions and a meaningful health care benefit.

Last fall Ohio PERS delivered to the Ohio Retirement Study Council (ORSC) a list of legislative requests that, if passed as presented, will enable OPERS to make the necessary incremental adjustments to its retirement plan that will keep it financially stable into the foreseeable future. [See John Gilchrist's article for the specific details.]

Like OPERS, the other retirement systems also presented the ORSC with a list of requests that they felt were necessary to help their pension

Continued on page 5

Legislative Report

by John Gilchrist

As you read this article, legislation may have already been introduced in the Ohio General

Assembly that will change various laws affecting the five state retirement systems. The purpose of these recommended law changes is to help systems to contain costs and strengthen their funds in light of the recent economic challenges. Although we have yet to see the legislation, it will reflect recommended changes that each of the systems reported to the Ohio Retirement Study Council and the legislature. It should be noted that each system submitted its own recommendations and each was different.

The plan submitted by OPERS includes the following provisions and it should be noted that changes could be made as the proposal moves through the legislative process. Of the various recommendations submitted by OPERS, one will affect future retirees; this pro-

vision deals with the COLA. The 3% rate would remain except in those years when the consumer price index (CPI) is less than 3%. Thus, if the CPI is 3% or more, the retiree would receive a 3% COLA. However, should the CPI be less, the retiree would receive the same percentage rate as the CPI. For example, if the CPI were 2%, the retiree would receive a 2% COLA. And unlike years past, retirees will not be able to "bank" points when the CPI exceeds 3% and then use them when the CPI is below 3%. Again, we believe this provision will only affect future retirees. It also appears that unlike some of the changes discussed below, there will be no transition period for this provision-it will affect those who retire after the bill becomes effective.

While some of the other systems proposed increases to their contribution rates, OPERS did not. As for retirement eligibility, the proposal would raise the retirement age in the various categories by two years

Why The Envelope?

Under new postal regulation, mail pieces like our Newsletter are now required to have not one, but three tabs, on them. You might have noticed the three big round clear tabs that have been placed on some of the mail that you have received. We have determined that it looks better and is cheaper to buy envelopes than it is to pay to have the extra two tabs affixed to the document.

Partners in Retirement

Albert H. Boos
Director Emeritus

We are sad to inform you that Albert H. Boos passed away shortly after our 4th quarter 2009 issue went to press. Al served with the 101st Airborne in England and France. He retired from the Shelby County Board of Health in 1981.

In 1999 the PERI Board of Trustees conferred the title of Director Emeritus upon Mr. Boos for his major contributions to our association. Al was a Charter member of the Mercer County chapter and served that chapter as the Legislative Committee Chairman, Vice President, and President.

Elected as a PERI Director in 1986, and District 1 Representative in 1990, he also

served as 2nd and 1st Vice-President before being elected President in 1995 and 1997.

Al's legacy was his love for PERI's involvement in protecting our pension system, developing the 11 districts, and personally organizing 44 of our county chapters.

A Message From the Chairman

by Jack Wymer

Greetings and Happy New Year to all of you long time, and newer members of PERI.

As we enter the year 2010, we are expecting many new initiatives pertaining to our retirement system. During 2009, our Administrator, Legislative Counsel, and I have attended many meetings with the leadership of OPERS. During these sessions we have covered topics about the current disability, health care, and pension programs.

The goal of these meetings was to explore and offer various suggestions on how the OPERS staff and board could best adjust the programs to address today's financial and workplace environment.

You will read about the specifics of these proposals in the Administrator

and Legislative Counsel's articles elsewhere in this newsletter. The point I want to make is that your organization is at work on these vitally important issues.

OPERS has made their recommendations to the Ohio General Assembly. These recommendations will be converted into legislation, and that is when PERI needs to be prepared for action.

For the past year, our District Representatives have been showing the PERI Legislative Action Network power point seminar to all of our chapter members around the state. The purpose of this seminar is to aid our chapters in developing their local network of phone callers and email and letter writers.

We have also spent the past two years clarifying the mission statement and bylaws of our local chapters in order to help them understand the importance of staying focused on the purpose for our existence: Being prepared to address the Ohio legislative concerns of our members. During this period, we

also elevated the position of chapter legislative chair to the full officer position of Chapter Legislative Officer.

In the past year, PERI has also strengthened and expanded our legislative email alert system. This capability will allow us to immediately contact thousands of individual members, who will in turn contact their local legislators.

2010 will be one of the more important legislative years for our pension system. We have been doing our best for these past three years to prepare for it by sharpening our knowledge and abilities to communicate and persuade our local legislators to vote only for those proposals that will strengthen OPERS.

In closing, I want to thank you all for your continued support, and for continuing to work together to make Ohio PERS the best pension package available, not only for today but well into the future for those who will follow us in retirement.

 not present.

OPERS Health Care Plan Update

The Ohio Public Employees Retirement System is pleased to partner with PERI and provide news and updates concerning the OPERS health care plan within your PERI Newsletter. If you have questions or need further information, please contact OPERS at 1-800-222-7377.

2010 - New year, New medical plan administrators

Many OPERS retirees are making the transition to a new medical plan administrator in 2010. These retirees will be receiving numerous communications and will likely have questions about their coverage. Below, OPERS has provided contact information for both Humana and Medical Mutual, a list of communications retirees can expect to receive during the transition period and some important items to remember.

**Humana 1-877-890-4777,
www.humana.com/opers**

Letters

Humana recently mailed an Acknowledgement of Eligibility letter to all retirees to confirm their enrollment into the Medicare Advantage plan. This letter, which is required by Medicare, contained some information that does not apply to the Humana Medicare Advantage plan offered to OPERS retirees. A correction letter was mailed to dispel any concerns the original letter may have created.

Marketing materials

Retirees may be receiving information in the mail about individual Medicare Advantage plans offered through Humana. These materials are not intended for OPERS retirees and Humana is working to stop the automated mailing of these communications. All items intended for retirees contain the OPERS logo.

Health Assessment phone calls

Humana is currently placing phone calls to OPERS retirees participating in the Humana Medicare Advantage plan. The purpose of the calls is to gauge interest and eligibility for their disease management and wellness programs. If you receive one of these calls, please take a few moments to answer the questions and learn about these valuable programs.

Provider Directory

In mid-December, Humana mailed a provider directory to each retiree participating in the Humana Medicare Advantage Plan. **It is important to remember that, in 2010, you can receive services from any provider who will accept Medicare payment terms.** This includes physicians and facilities that are not listed in the provider directory. All network and out-of-network services are paid at the same coverage level. However, using a network doctor or facility does help to save money for the OPERS health care plan which will help keep costs down for retirees.

Identification Cards

Humana has mailed ID cards to all OPERS retirees participating in the Humana Medicare Advantage Plan in 2010. If you have not yet received your ID card, please contact Humana.

**Medical Mutual 1-877-520-6728,
www.medmutual.com**

Participant Guide

Medical Mutual will be sending a Participant Guide to all retirees enrolled in the plan for 2010. These guides include important information about Medical Mutual programs and will be mailed in mid-January.

Identification Cards

Medical Mutual has mailed ID cards to all OPERS retirees participating in the plan in 2010. If you have not yet received your ID card, please contact Medical Mutual.

Network Information

The simplest way to find out if your doctors or hospitals are in the Medical Mutual network is to use the online Provider

LookUp tool at MedMutual.com. The tool will walk you through providing information about yourself and will then allow you to check if certain doctors and hospitals participate in an available Medical Mutual network. If your doctor is not in the network, this tool can provide suggestions.

If you need assistance using the Provider LookUp tool or don't have access to a computer, please call the Medical Mutual customer service team. A representative will be happy to assist you.

Save even more with Express Scripts Home Delivery in 2010!

Effective Jan. 1, 2010, the OPERS Board of Trustees has approved reduced copays for prescriptions filled using the Express Scripts Home Delivery program.

Copays will go from three times the retail copay to two and one-half times the retail copay (with the exception of the Basic plan). The exact copay amounts can be found in the 2010 Coverage Guide available on the OPERS Web site, www.opers.org.

OPERS offers incentives for actively managing your health

Actively engaging in the improvement of your health has never been easier - or more rewarding. In 2010, retirees and their covered spouses can each earn up to a \$100 deposit into a Retiree Medical Account (RMA) by participating in one of the wellness or disease management programs offered by either Humana or Medical Mutual (wellness program beginning April 1, 2010). Participants are eligible to earn \$50 for each of the following activities (up to a maximum of \$100 per year):

- Complete a Health Assessment
- Undergo an annual physical exam
- Complete a Wellness Program

Continued on page 5

OPERS Health Care Plan Update

Continued from page 4

- *Successfully participate in a Disease Management Program*

Programs vary for those retirees participating in the Humana Medicare Advantage Plan (1-877-890-4777) and those participating in the Medical Mutual Plan (1-877-520-6728). Please call or visit your plan administrator's Web site for more information, instructions for enrollment and specific completion criteria.

Health Assessments available online

Getting on the path to improved health is now even more convenient. Beginning Jan. 1, 2010, retirees can complete a Health Assessment online. Completing an assessment is the first step in participating in OPERS' personal health management program.

Online health assessments can be found on both the Humana (www.humana.com/opers) and Medical Mutual (www.medmutual.com) Web sites. Log on, complete an assessment and be on your way to a healthier you!

INSIGHT FROM THE ADMINISTRATOR

Continued from page 1

systems. Because some of these systems allowed their members to drain their resources with lavish benefits, approved by the legislature, they now find themselves in a negative funding position. In an attempt to bring their funding back in line, some of these systems are asking the taxpayers to pay more in order to shore up their funds.

These potential requests for more taxpayer money opened the door for a majority of Ohio's newspapers to do a media blitz purporting to be about the "lavish" pensions and benefits paid to Ohio's retired workers, as compared to the "paltry" benefits paid to private sector retirees.

The articles did refer to the fact that we traded lower pay for better future benefits, but immediately negated that point by saying that current workers are receiving comparable pay to their private sector counterparts.

So what was the real purpose behind this very-rare joint venture among Ohio's major newspapers? Were the articles really about outraged taxpayers, or was there another agenda hidden below the surface?

We examined each article asking ourselves: What information is untrue? Which words are the emotional trigger words? Which sentences convey a negative slant? What is the bottom line point of the article? What is the article trying to influence the legislature to do?

Since 1996 there has been a major movement among large corporations, stockbrokers, bankers, and money managers to eliminate defined benefit pension plans. So far we have been 98% * successful in fighting off every attempt to convert our retirement system into a defined contribution system. [*In 2000, HB 628 required OPERS to offer a defined contribution option.]

The common thread running throughout these articles is the newspaper's solution to

solving the problems:

From Cincinnati: "Private employers have moved dramatically away from such defined-benefit plans. In 1974, 71 percent of private retirement-plan assets were in defined-benefit plans. By 2008, that number had decreased to 24 percent,"

From Cleveland: One temptation may be to follow the path of private pensions [Into 401Ks]. Such an approach would save money in the public sector.

From Columbus: Unlike most private-sector workers, whose retirement is driven by the strength of the stock market and 401(k) plans, government employees' pensions are guaranteed.

From Dayton: So far, the panel is not discussing the idea of following the private sector into 401k-type plans."

From Toledo: In 1996, investments in 401(k)-type defined-contribution plans overtook traditional pensions, and the trend has accelerated since then.

Columbus Dispatch conclusion: One temptation may be to follow the path of private pensions. Such an approach would save money in the public sector.

When the articles are put side to side, it is pretty evident what point they are making.

Who stands to gain? Large corporations, stockbrokers, bankers, and money managers!

Who stands to lose? Ohio's public workers and retirees!

There is one thing to remember. They won't catch PERI members with their guard down. PERI will be there to keep us informed, and PERI will let us know when it is time for us to jump in and help.

Legislative Report

Continued from page 1

and the minimum age to retire and receive health care would be age 55. More specifically, normal retirement is increased from 65 to 67 with five years of service and from 30 to 32 years at any age. Early retirement is increased from 60 to 62 with 5 years of service and from 55 to 57 with 25 years of service, with actuarially-reduced benefits. For those in the law enforcement and public safety divisions which represent only 2.3% of the active members, OPERS generally recommends increasing the age of retirement by two years, but is suggesting that ORSC may wish to consider consistency with any proposed changes made in OP&F and HPRS retirement ages.

A change in the benefit accrual rate is also proposed. The multiplier rate would be 2.2% for the first 35 years of service and 2.5% thereafter. The proposal would also increase the number of years used to calculate final average salary from 3 to 5 years and in an attempt to address the problem of spiking, we anticipate a provision that would limit wage increase differentials to 10%. Spiking is the practice that allows employees to earn a higher pension benefit by virtue of higher pay in certain years. This results in a benefit that creates an unfunded liability for the system. An example would be an individual who earns a small salary for a number of years and then is able to secure, for a short period of time, a posi-

tion that pays a substantially higher salary. The individual then has his benefit calculated using this much higher salary. In addition, the minimum benefit guarantee is to be eliminated. That is, for those whose final average salary is very low, current law provides a minimum benefit guarantee. The minimum benefit is currently calculated by taking \$86 and multiplying it by the number of years of Ohio service credit. Again, this minimum benefit guarantee will be eliminated, but the elimination will not affect current retirees.

The legislation will probably also contain phase-in or transition periods whereby certain employees who are near retirement eligibility will be “grandfathered” and thus not be affected by the law changes.

OPERS is also interested in addressing the problems associated with the purchase of service credit. Currently, members who are allowed to purchase additional credit are not required by law to pay the full actuarial costs. OPERS is proposing that those who wish to purchase certain types of service credit be required to pay 100% of the additional liability resulting from the purchase. The system’s actuary would determine this liability. The system also wants to change current law to increase the minimum earnable salary required to obtain full-time service credit to \$1,000 per month. Those earning less than \$1,000 would receive a pro rated share of service credit. For example, those earning \$250 a month

would receive one quarter of a month’s service credit. Under current law, a person earning \$250 per month acquires a full month of service credit.

Changes to the disability program have also been recommended. Under current law, one is disabled if he cannot do his current job. The proposal changes the current standard of “own occupation” to an “any occupation” standard after the individual has been on disability for three years, or up to five years, if the member is benefiting from treatment through active case management. Under the “any occupation” standard, one would be considered to still be disabled if he is not capable of gainful employment that:

- would replace 75% of final average salary,
- that could reasonably be found in the employee’s regional job market, and
- for which the employee is qualified by experience, education, and station in life.

The proposal would also exclude disabilities that were the result of a voluntary commission of a felony or elective surgery.

It should be noted that anyone currently receiving a disability benefit will not be affected by any of these proposed disability changes.

Another proposal of interest is S. B. No. 219, which has been introduced in response to an ongoing public corruption criminal investigation in Cuyahoga County. The bill addresses a disability issue related to the investigation. Apparently an individual plead guilty to public corruption in federal

court and then filed for disability benefits. The disability apparently relates to the anxiety of being caught and prosecuted for the public corruption. The bill seeks to prevent individuals from collecting a disability benefit under these conditions. The bill also changes the definition of “position or honor, trust, or profit” to include positions in which an employee has control over the expenditure of public funds of one hundred thousand dollars or more annually. As background, you may recall that we recently reported on the passage of S. B. No. 3, which was enacted last session. This new law provides that individuals holding an office of honor, trust, or profit who are sentenced for certain felony offenses committed while serving in that position will forfeit the portion of any state retirement benefit that is based on employer contribution. More specifically, at the time of sentencing, the court in addition to any other penalty it may impose, generally must order the forfeiture of the retirement or disability benefit other than payment of the person’s accumulated contributions. Position of honor, trust, or profit means any of the following: elected officials, those serving on boards or commissions and who were appointed by the Governor or Attorney General, key state and local policy-making officials and employees who are required to file a disclosure statement under R.C. 102.02, prosecutors, peace officers, and highway patrol troopers. Again, the bill would amend the definition of a “position of honor, trust, or profit.”

Zwyer, David Alan / Worthington, Oh

CALL FOR CANDIDATES

Each year, we hold elections for the position of District Representative in one half of our districts. This year the elections will be held in Districts 2, 4, 6, 8, and 10.

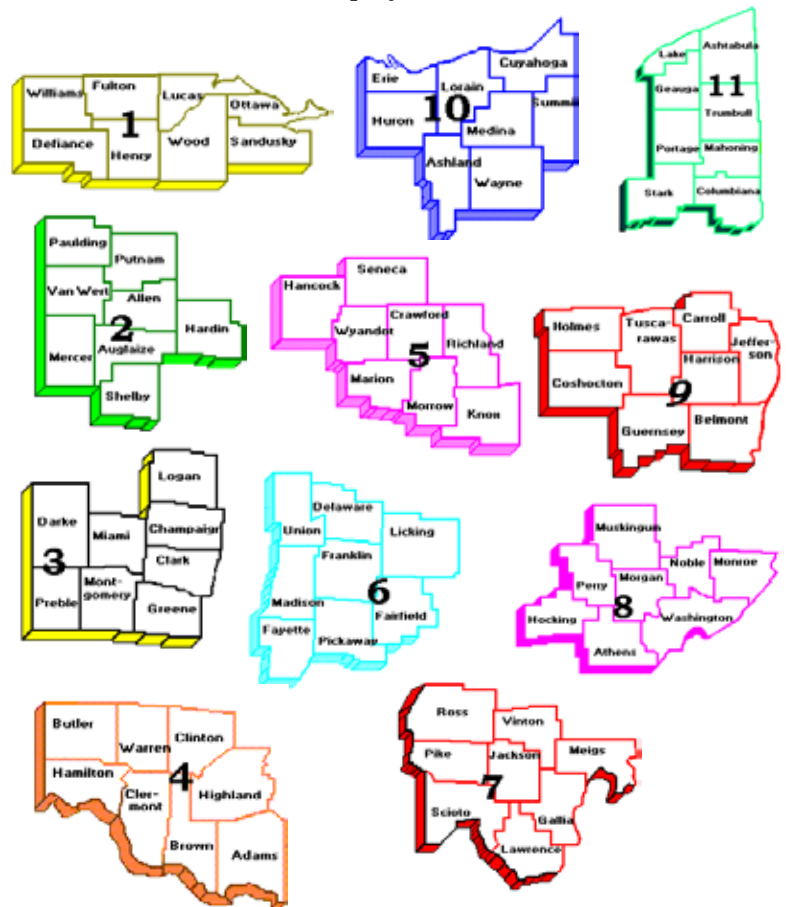

District Representatives represent PERI members in the 8 counties that make up one of our 11 districts. Representative are members of the Board of Trustees, serve on Board committees, and help the Chapters officers in their district.

District Representatives serve on a volunteer basis, and are reimbursed for travel including a per diem, mileage, and meals.

District Representatives, find the position very rewarding in helping people, learning about the legislative process to protect our pension and benefits, and being personally involved in the oversight of our association.

The only skill required is a desire to become involved, the ability to travel, and an email account. If you would like to find out more, please contact our Administrator, Bill Winegarner, at 1-800-247-7374 and he will be able to answer all your questions.

District Regions of The Public Employee Retirees, Inc

PUBLIC EMPLOYEE RETIREES, INC.

659-F Park Meadow Road • Westerville, Ohio 43081-2879

(614) 891-6868 • (800) 247-7374 • Fax (614) 891-8887
