Hetrick Appointed New PERI Administrator

Geoff Hetrick from Westerville, Ohio has been appointed by the PERI board of trustees to succeed Bill Winegarner as PERI Administrator this past January 1st.

Mr. Hetrick, a lifelong resident of Central Ohio, is a graduate of The Ohio State University with a BA in Speech Communications. He was the managing director of member services for the Ohio Manufacturer's association from 1985 to 2004, when he became the CEO of the Ohio Restaurant Association, a position he held until July of 2015. Not only does Geoff have an extensive background in association management, he also has a background in working with the Ohio General Assembly. Mr. Hetrick is a lifetime member of the OSU Alumni Association, and a United Way Campaign Chairman for 3 years.

The board looks forward to many years with Geoff Hetrick as our Administrator.

Legislative Report

by John Gilchrist

By the time you read this article, the Ohio General Assembly will have returned from its extended Christmas/holiday break. Since 2016 is a presidential election year, we anticipate that legislative activity will be somewhat abbreviated in 2016. According to the House and Senate Calendar, there will be little scheduled activity in March of this year and the General Assembly could wrap up activities and break for the summer by the end of May.

Having said this, there are a few pieces of legislation that we will be monitoring; they include the following:

H. B. No. 284 (Reps. Dovilla & Anielski) This is a reintroduction of H. B. No. 162 of last session. Like H. B.

No. 162, this bill would add extortion and perjury and certain federal offenses to the list of offenses that may result in the forfeiture of retirement benefits when committed by certain individuals. We opposed H. B. No.162 under the principle that moneys held in OPERS are not public funds. Public employees, who were paid with tax dollars, earned it, but once earned and deposited into the retirement system, it became private funds, held in their behalf and should not be used for anything but retirement and disability benefits. Forfeiture of one's retirement benefit should not be used as an additional penalty against those who commit certain offenses.

The bill has had sponsor testimony and the only proponent testimony was in the form of a letter submitted by Auditor of State, Dave Yost. PERI opposes the bill and we are prepared to testify in opposition.

As we have reported in the past, there is a related issue that involves State Treasurer Josh Mandel. You may have heard that State Treasurer Mandel is

A Message From the Chairman

by Bev Calvert

New Year's greetings to my fellow PERI members! We enter 2016 with anticipation of new discoveries, and opportunities. In 2015, we faced

the challenge of making an important decision concerning our own health care. As retirees, we relied heavily on information from OPERS and PERI to help us in this process.

The challenges that some faced with OneExchange were navigated with able assistance from both groups. Retirees were able to choose the health care plan that best fit their personal needs. Most of you realized that the task was best approached by choosing your health care one step at a time.

This year, PERI has a new administrator, Geoff Hetrick. Geoff comes to us with a strong background in administration and association management and

is fully able to continue the good work invested by our former Administrator, Bill Winegarner, for the past 22 years.

I have had the privilege of knowing Bill for the past 15 years. Bill has done an outstanding job as administrator of PERI, working with OPERS, members of the Ohio General Assembly and the PERI Board. We know that Bill will do well in his future endeavors. I personally want to thank Bill for taking PERI to the next level of success and building PERI into an association highly respected by the various stakeholders responsible for keeping your retirement system strong. I also want to thank him for what I have learned through working with him the past two years as Chairman of the Board.

I look forward with anticipation to working with Geoff as our Administrator this year. I'm certain he will build on Bill's success and help us grow our already strong membership as we tackle new challenges in 2016 and beyond.

Another challenge that OPERS and our

chapter legislative networks faced in 2015 was the repealing of the "Cadillac Tax." This tax would have dramatically increased the out-of-pocket health care costs for the retirees. Our legislative networks were ready and wrote letters and sent faxes to key federal legislative leaders. We succeeded in having the tax delayed until 2020. Should the issue come up again, our legislative networks must win the battle due to the great damage it would do to our health care costs. We can only be successful with your help.

My vision for PERI in 2016 is to grow in strength, which is measured by increased membership, more active legislative engagement and ultimately success in advocating our position on all issues impacting the retirement system. The chapter members, that hear me speak, know I believe it is their commitment at the local level that supports achievement of our shared goals. I strongly encourage you to join your local chapter. When we all stand together, we have the best opportunity to prevail.

affiliated with a national group called Defund Iran. The group and Treasurer Mandel want to amend the state constitution to prohibit the state and the five retirement systems from investing in certain companies doing business in Sudan, Syria, Cuba, and particularly Iran. In short, the group wants to tell the retirement systems what they can and cannot invest in. They are telling the systems to divest certain holdings and assume the transaction costs associated with selling these investments along with the potential losses related to reinvesting in stocks that may provide a smaller investment return than the ones they were forced to sell.

These transaction costs and potential investment losses will be borne by retirees and future retirees and not those forcing this divestiture. In short, this action would create an unfunded liability.

PERI opposes this project for the same basic reason we oppose H. B. No. 284; that is, using the retirement systems to further some personal, social, or political agenda. We believe that Treasurer Mandel and Defund Iran does have an agenda: they oppose the Iran Nuclear Agreement recently entered into by the United States and the other participating nations. PERI does not defend Iran or the chaos it has perpetrated on the international scene and whether one supports or opposes the Iran Nuclear

Agreement, PERI believes that the retirement systems should not be used to express someone's opposition to the Agreement. In addition, part of the Iran Nuclear Agreement contains a provision which encourages states to lift individual sanctions such as laws and policies that prohibit investment in certain companies doing business in Iran.

H. B. No. 305 (Rep. Schuring) Under current law, non-teaching employees of the University of Akron participate in SERS and teaching employees participate in STRS. The bill would include new hired non-teaching employees of the University of Akron as members in OPERS instead of SERS. Existing SERS members will continue to par-

District 10 Representative Appointed

**Rick
Lawrence**

Rick Lawrence, from Ashland County, was appointed District 10 Representative by the PERI Board of Trustees to fill the unexpired term of Thomas George, who was previously elected to the position of Treasurer.

Rick has served as the legislative officer for PERI Chapter 65 in Ashland County for the past 2 ½ years. Before he retired, Rick served in a number of professions but spent 13 years as a deputy sheriff in the Lorain County Sheriff's Department.

He also has skills and experience in budgeting and finance, community relations, labor relations and more. Rick is excited to serve his fellow retirees in any manner that he can to make their retirement as satisfying as possible.

ticipate in SERS. In addition, the bill also makes an appropriation of \$1.1 million dollars that is to be distributed to the University for the purpose of funding the University's SERS employer surcharge payments. This appropriation is being made because an actuarial analysis indicated that the bill would have no immediate impact on the pension obligation of SERS, but in the long run, SERS would be losing healthcare contributions which do have a relative impact. The University of Akron is the only major public university where these employees are not under OPERS.

PERI is monitoring this bill; it has been reported out of the House Health and Aging Committee.

H. B. No. 46 (Rep. Dovilla & Dever) requires the Treasurer of State to establish and maintain on the Treasurer's website the Ohio State Government Expenditure Database that includes information about expenditures state entities made in each fiscal year. An

expenditure is a payment, distribution, reimbursement, or deposit of money from a state entity to any vendor. This bill codifies Treasurer Mandel's OhioCheckbook.com; however it applies only to state entities and not the retirement systems or local political subdivisions such as schools, municipalities, or townships. The OhioCheckbook program is currently a voluntary program wherein participating agencies, elected officials, board and commissions, and other political subdivisions and presents financial information about the agency's or entity's expenditures. Again the bill would mandate participation by state entities but not political subdivisions or the retirement systems.

It should be noted that OPERS has voluntarily agreed to participate in this program. The bill has passed the House and is in the Senate Finance Committee; PERI is monitoring this bill.

H. B. No 374 (Rep. Schuring) It would permit the Treasurer of State to determine by rule the total market value of securities that must be pledged

WANTED: DISTRICT 3 & 4 REPRESENTATIVES

We are seeking candidates to fill the District 3 and 4 Representative positions. District 3 includes the following counties: Champaign, Clark, Darke, Greene, Logan, Miami, Montgomery and Preble. District 4 includes: Adams, Brown, Butler, Clermont, Clinton, Hamilton, Highland and Warren.

In order to be a district representative, one needs to live in the district and be willing to travel throughout the district and to Columbus. Although not a requirement, district representatives should be a member of their local PERI chapter. Additional duties include maintaining communication with the other chapters in their districts, representing the PERI members as a member of the PERI Board of Trustees, attending monthly board, committee, and training meetings in Columbus and scheduling and conducting an annual meeting for their district.

The position is not as scary as it sounds, but there is a time commitment. Even if you are a brand new member of PERI and would be interested in becoming more involved, please submit your resume and a cover document via email to: office@peri.org expressing why you are interested in the position and how your background would be beneficial to PERI. The deadline for submissions is March 31, 2016 or until the position is filled.

District representatives serve on a volunteer basis, and are reimbursed for their travel including mileage, meals, and lodging if necessary. District representatives, find the position very rewarding in helping people, learning about the legislative process that protects our pension and benefits, and being personally involved in the oversight of our association.

The Ohio Public Employees Retirement System is pleased to partner with PERI and provide news and updates concerning OPERS health care coverage within your PERI Newsletter. If you have questions or need further information, please contact OPERS at 1-800-222-7377.

Answers to your most common questions about the Health Reimbursement Arrangement and the reimbursement process

1. How long will it take for me to receive my first reimbursement from my HRA?

If you submit a manual claim, OneExchange will issue a reimbursement within 3-5 days after processing the claim as long as all of the supporting documentation has been provided (refer to your Getting Reimbursed Guide). This timeline applies to any type of claims (insurance premiums, out-of-pocket expenses, etc.) submitted manually. OneExchange starts processing claims the day they are received. OPERS encouraged retirees to submit a manual reimbursement for their initial insurance premiums so their reimbursement could be processed quickly as the auto-reimbursement process is being established. The auto-reimbursement can take six weeks to take effect.

2. I already have submitted an application for auto-reimbursement, but I don't want to wait up to six weeks to receive my first reimbursement. Can I fill out a manual form for my January premium so I can receive that money sooner?

Yes. If you would like to receive your first reimbursement sooner, you should submit a manual claim to OneExchange. OneExchange will reconcile the two claims on their end and you will receive just one reimbursement. Contact OneExchange to receive a manual claim form.

3. Why does my bank account deposit from OPERS say "OPERS Medicare C"?

Banks reference the reimbursement in different ways. One bank may reference "OPERS Medicare Connector" while another uses "OPERS Medicare". In some instances, retirees have indicated they see "OPERS Medicare C".

4. When will I receive the additional \$300 deposit for the year?

The \$300 was deposited into your HRA, not your bank account. The \$300 is thus part of your available balance to pay claims. You receive the money by submitting claims for reimbursement.

5. Can I receive reimbursement for the medical, dental and vision premiums deducted from my pension benefit?

Yes. In order to receive reimbursement through your HRA, you will need to file a reimbursement claim with OneExchange. When you submit this claim, you'll need to attach a premium receipt/letter from OPERS which serves as proof that you have paid the OPERS premiums. You can get this premium receipt by logging into your OPERS online account and printing a copy of the premium receipt/letter for the current month or any previous months beginning with January 2016. Reimbursements for premiums paid to OPERS are not eligible to be set up as a recurring reimbursement with OneExchange. However, you can request reimbursement for multiple previous months at one time.

6. How do I find out exactly what is being paid out of my HRA account?

You can view every item being paid from your HRA by logging into your OneExchange online account located at <https://medicare.oneexchange.com/opers>. You also may call OneExchange at 1-844-287-9945 (option 3) to discuss any questions you may have regarding your balance, transactions, etc. Also, for every month there is activity on your HRA, you will receive an Explanation of Payment (EOP) in the mail.

7. How do I pay my premium to my insurance carrier?

Your insurance carrier will require you to pay a monthly premium. You can provide this payment by:

- Receiving a coupon book from the

carrier and sending a coupon and a check each month.

- Charging the premium to your credit card.
- Setting up an auto-deduction from your bank account. Contact your carrier to arrange this, because it's a transaction between the insurance carrier and your bank. Neither OneExchange nor OPERS can set this up for you.

8. I signed up for auto-reimbursement during the enrollment process. Do I have to still submit receipts to OneExchange? My insurer told me they do not issue receipts for payment.

If you signed up for auto-reimbursement, you do not have to submit a receipt to receive your reimbursement. The requirements for a manual claim or a recurring claim are different. The forms for both of these claim types are available from OneExchange. The forms each provide a specific list of required information and documents.

9. Does my monthly HRA allowance get deposited into my checking account like my pension payment does?

No. Your HRA is not the same as a savings or checking account. Your monthly allowance amount is deposited into your HRA. You can see your HRA deposits at any time by accessing your OneExchange online account. However, reimbursements from your HRA are deposited into your bank account after you file a claim for reimbursement.

10. Why did I receive a deposit from OPERS into my checking account?

If you receive a deposit in your personal bank account from OPERS, separate from your typical monthly pension payment, it is a reimbursement from your HRA. It can be a reimbursement for your medical plan

premium or a qualified medical expense you submitted. This is how the HRA reimbursement process works. Refer to Question 3 above for additional information.

11. When will I receive an Explanation of Payment (EOP)?

For every month you have claim activity on your HRA, you will receive an Explanation of Payment (EOP) in the mail.

12. How do I receive reimbursement for my Medicare Part B premiums?

First, pay your Medicare part B premium to Social Security. Once your premium is paid, you will receive or you can request (either by phone or online) a proof of payment letter. Once you have your proof of payment from Social Security, request a Recurring Reimbursement Claim Form from OneExchange. Submit this form along with your proof of payment letter from Social Security. If you receive the \$31.81 premium reimbursement from OPERS, please be sure to subtract this amount from the total premium. You can request reimbursement only for the amount you paid, not for the portion reimbursed by OPERS or another source. You do not need to send proof of the portion you are being reimbursed by OPERS; just indicate it on the form.

13. Can I access my HRA account through my OPERS online account?

Yes. If you are logged into your OPERS account, you can simply click the HRA link from your account home page to be transferred automatically to the OneExchange site and access your HRA account information.

14. When it comes to questions about my HRA, who can I call for help?

Call OneExchange at 1-844-287-9945 (option 3) for questions regarding the balance of your HRA, HRA claims, your HRA deposit amount and reimbursement of your medical plan premium. Call your medical plan carrier for questions about paying your monthly premium amount.

15. When I sign up for auto-reimbursement of my medical plan premium, does that mean my spouse also will receive automatic reimbursement?

No. Each retiree and dependent is considered a separate account, and auto reimbursement must be requested for each individual. If you and your spouse enroll in medical plans with different insurance carriers, the timing of the auto-reimbursement may be different. Timing varies by insurance carrier.

16. How much will I receive each month?

For questions about your monthly HRA deposit, please log into your OneExchange online account for a complete history of deposits. You also may call OneExchange at 1-844-287-9945 (option 3).

17. Do the funds in my HRA account roll over?

Yes. Your HRA account balance will roll over from month to month and year to year.

to secure the repayment of all uninsured public deposits at a particular public depository, as part of the Ohio Pooled Collateral Program (OPCP). Under the OPCP, a qualified financial institution pledges a pool of collateral against all of the financial institution's state and local deposits. The securities are pledged to the Treasurer of state rather than to each individual public depositor. It should be noted that this applies to all public moneys and not just the retirement systems. In addition, it established the Treasurer of State as the sole administrator of the pooled collateral.

PERI is monitoring the bill which has been reported out of the House Health & Aging Committee.

H. B. No. 257 (Rep. Becker) The bill contains a number of unrelated provisions, one of which modifies current law governing the re-employment of retirees. It should be noted that it does not affect current retirees. If enacted, future re-employed retirees will not be considered to be members of OPERS. They will forfeit the pension portion (employer contribution) of the retirement allowance when the employment commences and this forfeiture will end when the employment ceases. The annuity portion (employee contribution) of the retirement allowance will be suspended when the employment begins and will accumulate to the credit of the retirant; it is to be used in a recalculation of the retirement allowance after employment ends. The proposal also provides that neither the retirant nor the retirant's employer is to contribute to OPERS on the retirant's behalf.
